

The Power of JDL TechWatch

When you engage JDL TechWatch, you benefit from the power of superior expertise, solid solutions, satisfied clients, and strategic partners. And that translates to an exceptional IT experience for you.

The Power of Superior Expertise

Certified, expert technologists and engineers comprise more than 70 percent of JDL TechWatch staff, because we're committed to crafting the best valued-based solutions to meet your requirements today, and tomorrow.

- Collectively, our experts possess 475 years of technical experience, and
- Maintain more than 135 industry and professional certifications across a wide range of specialties.

No other technology solutions provider comes close to that bench strength—and no other is able to deliver IT solutions and ongoing support like we do.

The Power of Solid Solutions

We deliver solutions that enable you to improve networking architecture and performance; utilize secure wireless LANs; virtualize servers, desktops, storage and apps; leverage secure backup and recovery services; enable email, telecom, security, encryption, and much more.

And we can do any or all of it as your Trustmark-certified Managed Services provider from our secure datacenter and state-of-the-art Operations Center.

The Power of Satisfied Clients

JDL TechWatch is a division of JDL Technologies, an IT powerhouse that has served a wide range of clients regionally, nationally and globally for 20 years—from financial, insurance and legal services, to construction, manufacturing and logistics and many others.

Clients choose us for our technical know-how, and stay with us for the same reason—with many trusting us to manage key components of their IT programs year after year after year.

The Power of Strategic Partners

With 20 years in the information technology industry, JDL TechWatch enjoys rock-solid partnerships with leaders such as Cisco, Citrix, EVault, Fortinet, HP, Microsoft, WatchGuard and VMware—as well as young innovators like 3CX, Aerohive, RingCentral and Ruckus Wireless, to name a few. We're constantly evaluating additional partnerships to ensure we have the best options to choose from in designing solutions that are perfect for you.

The Power of Proven Success

Perhaps our strongest partner is our parent company, Communications Systems Inc. (NASDAQ: JCS). With 2014 revenues of more than \$119 million, 400 employees, and a solid financial record since 1981, Communications Systems Inc. is as committed to our success and growth as we are to yours.

In addition to earning the prestigious Managed Services Trustmark from CompTIA, JDL is ranked among the 2015 Elite 150 Managed Service Providers in North America as well as the 2014 Solution Provider 500. We won a Silver Award for Best IT Services at IT World 2014, and have published several award-winning ebooks.
